

CHILD KILLED BY TRUCK.

The danger of children playing in public streets was again painfully brought home by the death of Ann, the three-year-old daughter of Mr. and Mrs. Cleasby, of New street. The child, while playing with others near the Housing Commission homes, ran across the road and was struck by a utility truck driven by Mr. L. Wilson, who did everything possible to avert an accident. The little victim was frightfully mutilated and was dead on arrival at the hospital. Great sympathy is extended to the parents in their tragic loss.
